

## Gas at \$1.25 Per Gallon: How We Get There in Six Weeks (Paperback)

---

By Bob Rice

Createspace, United States, 2013. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Gas At \$1.25 Per Gallon: How We Get There in Six Weeks, was published in June of 2013 and accurately describes who is responsible and what has actually occurred during the past six years in the financial, crude oil and housing markets. More importantly, in simple and straightforward language, the book outlines what will likely occur economically in the weeks and months ahead in the face of dramatically lower (or higher) crude oil and fuel prices. If you would like to make sure gas prices stay low or fall even further, then you need to read this book, especially the first five chapters. If you would like to understand the real reason for the recent breathtaking collapse of crude oil and gas prices, then you need to read this book. If you would like a different explanation as to why median family income in America, during the past six years (and frequently longer) has only slightly increased, while U.S. stock market indexes have during the past several years established hundreds of record highs, then focus on Chapters 7,...
