Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

Startled out of his unpleasant ruminations, his lips tensing over his teeth in a savage snarl, Calumet Marston swayed uncertainly in the saddle, caught himself, crouched, and swung a heavy pistol to a menacing poise. For an instant he hesitated, searching the immediate vicinity with rapid, intolerant glances. When his gaze finally focused on the object which had frightened his pony, he showed no surprise. Many times during the past two days had this incident occurred, and at no time had Calumet allowed the pony to follow its inclination to bolt or swerve from the trail. He held it steady now, pulling with a vicious hand on the reins. Ten feet in front of the pony and squarely in the center of the trail a gigantic diamond-back rattler swayed and warned, its venomous, lidless eyes gleaming with hate. Calumet's snarl deepened, he dug a spur into the pony's left flank, and pulled sharply on the left rein. The pony lunged, swerved, and presented its right shoulder to the swaying reptile, its flesh quivering from excitement. Then the heavy revolver in Calumet's hand roared spitefully, there was a sudden threshing in the dust of the trail, and the huge rattler shuddered into a sinuous, twisting heap. For an instant Calumet watched it, and then, seeing that the wound he had inflicted was not mortal, he urged the pony forward and, leaning over a little, sent two more bullets into the body of the snake, severing its head from its body.
