All machine-tool cone pulleys made here by the San Francisco Tool Co., are thus made, and we have never known the edge of a belt to be impaired on one of their machines, although the faces of the pulleys are straight. THE TECHNICAL SOCIETY. BY OTTO VON GELDERN, C E., SECRETARY. THE last regular meeting of the Technical Society took place on the evening of January 2nd, and was largely attended. The feature of the evening was a discourse upon the subject of electrical accumulators, by Mr. R. B. Elder of the Electrical Storage Company. This gentleman reviewed the history of storage batteries, their development to the present time, and their success and practical utility. He described in detail the required plant and mechanical arrangements, the cost and running expenses, and expressed the economy thereof by graphical curves and statistical tables. After the meeting the members and guests were invited to examine the electric lighting plant in use in Swain s bakery, on Sutter Street. Another matter brought up before the Society was a proposed act to regulate land surveying, submitted by Mr. A. T. Herrmann of San Jose. Considerable interest was manifested in this matter, the members agreeing unanimously that something should be done in the way of legislation for work of so important a character. The cadastral surveys of all countries are carefully regulated by laws governing the officials who...
