I hope before this time you have perfectly recovered the use of your wrist. In referring you to M Whitehurst, I did not mean to recommend him as an author on which you were to build your faith. But I think you will give him credit for solving some of the objections started by other theorists against the universality of the deluge; and for accounting, with a great deal of ingenuity, for the present appearances and irregularities on the face of our globe. This eruption will tolerably well account for the oblique position of the strata of rocks, which is observable in most parts of the world. But what are we to think of their horizontal position in our western country? M Hutchins, the Geographer General, as Well as every other intelligent observer who has been in that country assert this...
