Wars from Europe, Asia, and Africa are presented, as are the various types of wars, e.g. civil wars, independence wars, sectarian wars, ideological or political wars, etc. Included are some of the better-known wars, such as the Gulf War and Iran-Iraq War, as well as those that are lesser-known and even obscure but are no less interesting, such as the Ifni War, Sand War, and Indonesia-Malaysia Confrontation. Written in a direct, concise format using only regular, non-technical language, and yet packed with information, it thoroughly and clearly explains each war s causes, combat phase(s), conclusions, and consequences. This book was written for the general reading audience and purposed to be used as an everyday read or a handy source of information on country, regional, and world history. Included are 36 maps, bibliography, and index.
